MEMORANDUM FOR THE RECORD

SUBJECT: Plum Book

25X1

25X1 1. Following [redacted] contact with Mary Lewis of the Senate Committee on Government Affairs concerning [redacted] problems caused by the Committee's proposed changes to the Plum Book, I called Pam Turner in B. Oglesby's office in the White House. Ms. Lewis, who was sympathetic to our concerns but is uncleared and unfamiliar with the issues involved, said she or someone would probably call the White House legislative liaison office.

25X1 2. Pam understood the problem, appreciated the alert and offered, if nothing happened in a few days, to call Senator Roth directly. I said that I would send over a classified background paper on the impact of the proposed changes that our [redacted] Staff had prepared.
